FOREWORD

HE eventful day, when the news was given out that Otoe County and the United States had thrown itself into war, was on April 6th, 1917. That she had thrown herself into the most stupendous conflict of ages was flashed to Otoe County and the World. She was to raise and equip an army of millions and send them 3000 miles across the sea, that they might fight beside heroic France, England, Belgium and Italy for the cause of Liberty. For nearly four years every recognized power had been struggling in the most colossal death grip in history. Democracy and Freedom was at stake and just as the fate of civilized world seemed to hang by a thread the United States of America was to hurl her gigantic forces against democracy's common foe.

As Germany and the rest of her junkers were calling America's declaration a "bluff", America was steadily equipping an army to send across to crush the foe. Patriotism leaped with bound upon bound in the true American breasts of millions, and their one aim was to crush Germany and every autocrat. The spirit of '76 was kindled as over night. There was but one common purpose and factions, races and creeds forgot their differences and united into one. Every effort of every true American was to be pooled in the cause of Right. America was at war, men, money and energy was laid at her door.

More than 800 were from Otoe County, Nebraska of this splendid army. Fighting and training to fight in every arm of the United States Forces, doughboys, artillerymen, marines, sailors, aviators, nurses, they fought nobly and brought glory to their county and country. They represented almost every military center in France and they upheld the name of the Civil and Spanish war Veterans before them. Now they return to their homes and to their folks, most of them with that honor that comes only to heroes. While they were gone to fight the battles of their country and to protect their homes, those who were compelled to remain at home were not wanting in their splendid support to them. Millions of dollars in Liberty Bonds were quickly purchased at the request of the Government to clothe and feed them and to equip the armies. Thousands of dollars were quickly subscribed to give comfort and care for the boys in camps. Red Cross solicitors found eager men, women and children in Otoe County willing to give to support the wonderful organization whose only aim it was to give aid to the boys and suffering ones on the battle fields of France. Knitting and sewing for the Red Cross was done by mothers and sisters who worked day and night with the enthusiasm which only a mother's and sister's love can give. Every movement that was inaugurated in Otoe County, and there were many, that called upon the people for their time and money, was cheerfully and willingly responded to and a more loyal County did not exist in the United States. Patriotism and Loyalty were the two lone words in every citizens vocabulary.

That the work of Otoe County in the World War may be set down in generations to come; that the work of Otoe County's eight hundred and some fighting men may be memorialized; that Otoe County's good women may pass on to their daughters of future generations the story of their unselfish devotion in the cause of Liberty; that our sons and daughters and their children may be proud of the wonderful record of loyalty of their ancestors in stamping out that Prussianism that early in the twentieth century threatened the Liberty loving world, that the history of Otoe County in the war may be written into a permanent form, that is the purpose for which this book is prepared. If there are omissions or errors, it is asked that they be overlooked with the knowledge that the task was a big one and a difficult one. In many instances the data that has been handed to us from the different sources has been none too correct when given. If there has been any picture or data left out of any patriotic worker, we offer our sincerest apology. We have searched every corner for history, have endeavored to cooperate with the chairman of each district of war activities and have made a very great effort to make it complete. If our critics will fully realize the task we have been to, and they themselves put forth their efforts for such a permanent war history of Otoe County in the late World War, then their criticisms might be kept down to a small margin.

There was hardly a home in Otoe County that was not personally or vitally interested in the war. There were sorrows and hardships in all these families. Twenty-eight men made the supreme sacrifice on the altar of democracy, some on the battle field, some in the hospital, and it seems just, yes very just, that the memory of those men who died in the United States Uniform, be remembered and honored by every true citizen of Otoe County. They are the men who died for home and honor, they paid the supreme sacrifice for their home, loved ones and country, their memory should be cherished for everlasting and their unselfish service should stand as a monument to their memory throughout the home of every patriot of Otoe County.

The Honor Roll

1917-1918-1919

*He has gone, but not forgotten,
God hath taken what was given,
But, we too, some day shall join him,
In his happy home in Heaven.
We are thankful for his life, Lord,
And the joys it round shed,
For the hours he helped make brighter,
And the golden deeds he did.
'Tis not ours to doubt God's wisdom,
Nor question his holy will;
May he give to us submission,
And our hearts with sweet peace fill.*

RED CROSS NURSES

Miller, Miss Pearl, daughter of Mr. and Mrs. F. G. Miller, Talmage, Nebraska, offered her services as an army nurse and served for eighteen months under the American Red Cross. She did her duty on the front as well as in the Base Hospital to which she was later transferred.

Montgomery (Rowell) Elsie V., American Red Cross, daughter of Mr. and Mrs. George Venters, Syracuse, Nebraska, was born in Illinois, January 10, 1887. Entered the service at New York September 12, 1918 and served in France. Served two months in General Headquarters American Red Cross, Paris, and remainder of the time in eastern zone Headquarters Neuf-Chateau (Vosges). Discharged May 2, 1919.

Peterson, Miss Lena C., Nurse, daughter of Mr. and Mrs. A. Peterson, Nebraska City, Nebraska, was born in Nebraska City, Nebraska, May 21, 1888. Entered the service in Omaha in spring of 1918. Served in Vichy France Base Hospital No. 19 now No. 36. Transferred to Evacuation Hospital 36. Now at Nantes France as a member of Evacuation Hospital No. 36.

Francis, Mrs. Andy, of Palmyra, Neb., passed Red Cross examination and held certificate ready for Government call.

Ganzel, Charlotte A., Nurse, daughter of Mrs. Kate Homeyer, Nebraska City, Neb., entered the service August 26, 1918. Served at Fort Sill, Oklahoma and Rock Island Arsenal, Illinois.

THE LOCAL BOARD

The Local Board was assigned the task of making classifications of somekind for each registrant, some of which were final. This involved careful, conscientious, painstaking investigation of each individual case. In the first instance these investigations were made by the Secretary of the board, Mr. Oliver Stevenson. So carefully and impartially were these investigations carried out, that with but few exceptions the classifications were made upon his reports. It was a part of the duty of the Secretary and his assistant, Mrs. Oliver Stevenson, to prepare and keep in methodical order the voluminous and intricate records of the office. This in itself was a stupendous task, but so well was this work done and kept up to the minute so completely that the Provost Marshall General, Captain Walter L. Anderson or Governor Keith Neville could, as they frequently did, telephone to Mr. Stevenson, the Secretary of the Local Board, and asked the number of available men in "Class 1" in Otoe County and receive an immediate reply. Much credit for this work is due the assistant Secretary Mrs. Oliver Stevenson. All the inductions were made for the County by the Board. In performing this latter duty, numerous exacting details were worked out from the time the call was made until the men were received in camp.

It is with pardonable pride that it can be recorded that the work of the Board, as explained, rendered for this County to the Government was of a quality of service equal to that of any other Board in the State and excelled by none.

It is to E. H. Fisher, Chairman, Oliver Stevenson, Secretary, Dr. Crudup, Physician, and Mrs. Oliver Stevenson and their creditable office forces, but principally these four to whom credit should be given for the successful operation of the selective service act in Otoe County, most complete and equitable system of mobilizing an army yet known to the world. Many times during the war, measures were advocated and discussed to remunerate the draft board members for their labors. Commissions were to be given them at one time, etc. etc., but they wanted nothing and were glad and willing to do their work for their country's sake.

Mr. Stevenson, Secretary of the board, and wife, Mrs. Stevenson, were perhaps the busiest of all four. Working night and day on rules and regulations, bending over their heavy burdens of drafting measures at nights, ciphering the Governments equitable system of mobilizing the army and all for the purpose of fairness to all, they faithfully labored. They

were working for their country; their hearts and souls were implanted in their duties and diligently they plodded through, placing Otoe's County's record on the highest beam in the selective draft service and for this, all of this work, they did not ask any compensation, they gave their efforts, work and accomplishments, which were many, free, willingly and gladly.

At the outbreak of hostilities with the Central Powers it became very evident to those in control of military matters that to increase the military strength and preserve the civil and industrial equilibrium of the nation it would be necessary to institute a Selective Service System. Statistics compiled by the Provost Marshal General of the United States at the close of the Civil War show the inadequacies of the volunteer system, and express the hope "that if these lessons are wisely improved the nation would embark in another war, whether foreign or domestic, with incomparably greater advantage for its successful prosecution than were possible at the commencement of the late rebellion." In view of the above facts Congress on the 18th day of May, 1917, passed the Selective Service enactment; the administration of which was placed under the Provost Marshal General of the United States on the principle of "supervised decentralization."

The entire administrative system now consisted of the following parts operating in conjunction: (1) The Provost Marshal General; (2) State Governors and Draft Executive; (3) District Board; (4) Local Board; (5) Government Appeal Agent; (6) Medical Advisory Board; (7) Legal Advisory Board. Appurtenant to this main organization there developed at times a few additional agencies, among which was the Board of Instruction.

On May 22, 1917, by direction of the President, Brigadier General Enoch H. Crowder was detailed as Provost Marshal, and vested with the execution of the selective draft. On April 23, 1917, Governor Keith Neville was designated as the chief executive of the selective service system for the State of Nebraska. Owing to the multifarious duties it became apparent that each state must have an assistant chief executive, and Walter L. Anderson was appointed as such in this state.

Two District Boards were appointed for the State of Nebraska, one being known as District Board No. 1, and located at Omaha, for the North Platte territory; and the other as District Board No. 2, located at Lincoln, for the South Platte territory.

The following members composed the Board for the South Platte territory with headquarters at Lincoln, Nebr.

- Dr. D. S. Woodward, Aurora, Nebr., Chairman.
- L. B. Frye, Lincoln, Nebr., Secretary.
- Chas. Smrbna, Milligan, Nebr.
- E. M. Pollard, Nehawka, Nebr.
- Geo. W. Tibbets, Hastings, Nebr.

Judge Tibbets succeeded Judge Ashton on Nov. 17, 1918. The former having resigned to go with the National Guard regiment or the 6th Nebraska as they were then called.

The personal of each board consisted of five members, whose duty it was to hear appeals from decisions of the local board, and to make all agricultural and industrial classifications.

Bearing out the chief scheme of decentralized supervision the local boards for the different counties or precincts were appointed by the Provost Marshal General, and approved by the President, the essential qualification of local board members being from the standpoint of environment rather than from legal or governmental training. The following members were appointed as the Local Board for Otoe County, with headquarters at Nebraska City: E. H. Fischer, Chairman. Oliver Stevenson, Secretary, and Dr. C. P. Crudup, Physician.

Immediately upon its appointment the duties of the local board commenced. Plans were at once devised for carrying out the first registration in accordance with the proclamation issued by the President May 18, 1917. This registration was held in the several voting precincts of the county, as were all succeeding registrations. Sixteen hundred twenty-two men between the ages of twenty-one and thirty-one were registered at this time. Immediately following serial and order numbers were assigned according to regulations.

After the assignment of order numbers a call was received by the local board through the Governor, stating that the quota of Otoe County for the balance of the year 1917, was 52 men. Preparatory to filling this quota physical examinations were conducted, and on the morning of September 6, 1917, Otoe County's first contingent, consisting of three men, left for Camp Funston, Kansas. Under succeeding calls the remaining contingents were inducted, and the first quota of the county was completed.

On December 15, 1917, new regulations became effective, superseding all previous regulations, whereby the physical examination followed instead of preceded the determination of the claim for discharge or exemption. Questionnaires were then issued to all registrants for the purpose of aiding the board in determining the status of the registrant relative to classification. These regulations, with amendments, remained effective until the close of the war.

During this time many calls were received by the board for contingents, and also voluntary induction for the special branches. Many young men entered the service by the latter method.

A registration was held on June 5, 1918, for young men who had attained the age of twenty-one years since the previous registration. On August 24, 1918, a similar registration was held for those who had attained the age of twenty-one since June 5. On September 12, 1918, a registration for all men between the ages of eighteen and forty-five years, excepting those who had been previously registered, was held. Questionnaires were issued to all the above registrants, and about seventy-five per cent of the registrants of September 12th had been classified when orders were received from the Provost Marshal General to discontinue all classification.

The following statistical data shows the result of

the work conducted by the Local Board of this county:

Registration:	
June 5, 1917	1,622
June and August, 1918.....	177
September, 1918	2,258
Total	4,057
Inductions:	
Accepted at camp	411
Physical Groups:	
General Service	382
Remediables	13
Limited Service	16
Total	411

The Provost Marshal General, recognizing the arduous duties of the Secretary of the Local Board, recommended the appointment of a chief clerk to assist that member. Mrs. Oliver Stevenson volunteered her services for this position.

In accordance with the Selective Service Regulations effective December 15, 1917, the Governor of the state was authorized to appoint a Government Appeal Agent for each local board, this step having been taken in recognition of the fallibility of all bodies exercising judicial functions. This duty was assigned to D. W. Livingston of Nebraska City, who efficiently and with untiring efforts represented the interests of the government and the individual.

In conformity with the regulations a Medical Advisory Board for the county was appointed by Governor Neville. Dr. A. P. Ginn as chairman, ably assisted by Dr. S. S. Wilson, both of Nebraska City, very efficiently carried on the work assigned them of determining the status of registrants who had taken appeals from the findings of the Local Board relative to their physical condition, or at the request of the Local Board for further examination.

The government, having in mind the interest of the registrant, and his possible lack of information relative to the Selective Service Regulations, made provision for the Legal Advisory Board. The following members were appointed: Judge A. A. Bischof, Chairman, and W. H. Pitzer and W. W. Wilson, all of whom reside at Nebraska City.

In July, 1918, the Local Board was advised to select and organize a Board of Instruction, whose object was to put the selective service men into camp willing, loyal, intelligent, clean and sober. Dr. S. P. Cresap was named as chairman, and Rev. W. W. Barnes and W. W. Metz, all of Nebraska City, W. W. Anness of Dunbar, and H. C. McKee of Palmyra, as associates. Their work, while brief, was of great value.

Over and above the personnel recorded above able service was rendered by individuals throughout the county. It redounds to the pride of the county to record that in but one or two instances all services were rendered without compensation.

The duties imposed upon the members of the Local Board were numerous and very exacting, and the responsibility at times was almost staggering. Men hitherto safe from the turmoil of life were being withdrawn from the shelter of homes to be thrown into the maw of a military machine. Public sentiment became a very potent factor not only in relation to the board but in the consciousness of every registrant. It was public opinion that enforced the draft law. The Local Board merely administered it. During the crisis there were probably few persons other than members of the Local Board who were afforded the opportunity of seeing the unselfish patriotism of men.

The unpatriotic and craven were so few as to be a negligible factor, and their cases were overshadowed completely by the examples of quiet and grim patriotism based upon a sense of duty. The board came into intimate contact with all classes of people, learned their trials and tribulations, their opinions,

prejudices and feelings, and sometimes their life history, containing faults carefully hidden from the world. Several instances stand prominent in the minds of board members, which when recalled touch a feeling of sentiment which renews their faith in human nature and American character. Two young men exemplifying these characteristics are now resting in France. One, a young man who was engaged in extensive farming, when questioned relative to his signing a waiver, exclaimed. "Don't talk to me about deferred classification, and don't permit a claim to be made in my behalf. My duty is with my Country, which has given me the opportunities which I now enjoy." The other, a young industrial worker, with-

out any frothy enthusiasm, grimly denied the advances of a large corporation to obtain for him a deferred classification. There were many similiar cases of young men who made splendid records, and who were permitted to return safely to their homes. The administration of the draft brought forth many amusing incidents as well as pathetic ones.

Upon the signing of the armistice the duties of the Local Board ceased except for the compilation of statistics. Upon March 31, 1919, all records were shipped to the War Department at Washington, D. C., and on the 31st day of March the members received their official discharge, terminating the duties they had faithfully preformed since their appointment.

GOVERNMENT APPEAL AGENT

DAN D. LIVINGSTON

In each county a Government Appeal Agent was appointed. Immediately after each registration the work of the Government Appeal Agent began. The duties consisted of collecting information about each registrant who asked for deferred classification on any grounds, and submitting same to the Local or District Boards, having jurisdiction of the claim. Much time had to be devoted to collecting the evidence, all of which was submitted to the proper board in writing. Many times special reports were called for and furnished. Scrupulous care had to be

exercised to avoid injustice. Sometimes several investigations were necessary to develop the true facts in a case.

It was also his duty to appeal from the decision of the Board for either the Government or the registrant, where in his judgment an erroneous decision had been made. In Otoe County, except in formal appeals, the work of the Local Board was so thorough and its decisions so uniformly correct, no appeals were necessary and none were taken by the Government Appeal Agent.

Godfrey, A. L., Y. M. C. A. Secretary, son of Samuel A. and Sarah J. Godfrey, Dunbar, Nebraska, was born near Clarinda Iowa, September 23, 1879. Entered the service at New York, November 18, 1918. Served in France as Hub Secretary with 351st F. A. 92nd Division. As Religious and Entertainment Secretary at Chateau Gentier with 37th Division; as Religious Director in Sable District with 77th and 88th Divisions. Discharged July 2nd, 1919.

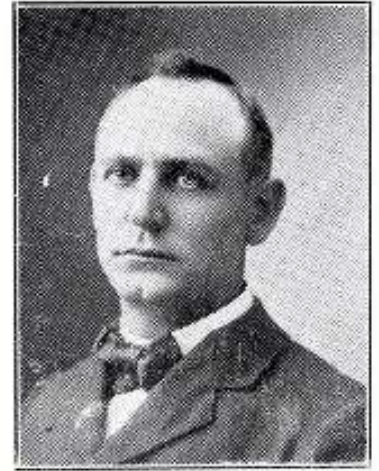

Andrew P. Moran born in Otoe County, Nebraska November 30th, 1873. Knights of Columbus Secretary aboard the U. S. S. "OTSEGO." Made three trips to France. Received "AWARD OF MERIT" from the order .

WAR WORK ACTIVITIES IN OTOE COUNTY IN 1917

A brief statement of the Otoe County War Work organizations and results attained, made up from the War Service League Records may be of interest.

In response to appeals successively made to the country at large during 1917, special organizations of Committees were perfected by voluntary enlistment of Committee workers in every town and precinct of the County. No permanent organization was effected, but as each call for funds came, for Red Cross, Y. M. C. A., Liberty Bonds, K. of C., Y. W. C. A., successfully the same plan was followed, viz: a meeting was called of representatives from all the precincts and towns, a rough apportionment made and the local Committees met their allotments, at public meetings by personal canvass and by mailing lists,

without, however, any definite plan for individual apportionment. The money was needed, and the first thought and act was to get it. The result of the successive campaigns in the Country in 1917, as shown by the following summary of Contributors:

	Apportionment for County	Amount Returned
First Y. M. C. A. War Work Fund \$	2,500	\$ 3,400
Red Cross War Work Fund.....	23,000	33,200
Liberty Bonds (Second).....	466,000	720,000
Second Y. M. C. A. Apportioned..	4,000	
Accepted.....	6,000	14,000
Y. W. C. A. War Work Fund.....	1,400	2,300
K. of C. War Work Fund.....		3,185
Women's Council of Defense....	400	480

THE WAR SERVICE LEAGUE ORGANIZATION

Committee work in these successive campaigns was not always fairly distributed. Many persons responded to these appeals with more than their fair share, in some instances, with more than they could afford. Others gave less than their share, or not at all.

It became apparent as the year closed that some permanent plan was needed for equalizing the burdens both of Committee work and of financing war funds, and to insure continued support of war work activities during the war.

In response to a call a mass meeting was held in Nebraska City January 23, 1918, at which nearly two hundred men attended. They were men interested in patriotic work, and represented nearly every community in the County. It was at this meeting the War Service League of Otoe County was organized, with County officers Wm. H. Pitzer, Chairman, John C. Miller, Secretary and James T. Shewell, Treasurer. The organization was by precincts, the Committee plan being a Precinct Chairman and four or more Committeemen in each Precinct and Ward. In its published statement the objects to be attained by the organization were stated (in part) to be these:

To insure full performance by the people of Otoe County, during the war, of our duty in all approved lines of patriotic work.

To attain 100% loyalty in Otoe County.

To mobilize our entire strength for the support of our government and our enlisted men.

To perfect and preserve a complete record, not only for future Committee use, but also for other proper future reference, either by official authority, or in later years as historical data, of this organization, and of the record of the County, and each District, and of each citizen, in patriotic work.

Acting under the plan adopted all citizens who were heads of families and owners of property or receiving income (except men in the military service) were rated according to property and income, so that calls for financial aid in necessary War Work might be apportioned to all according to these two factors,—property and income. An Appeal Committee was provided for adjustment of grievances or errors in ratings and apportionments.

The above is a brief statement only of the Constitution and plan of the War Service League. It became known as the Otoe County plan of meeting County apportionments of War Work funds, and Liberty Bonds, and attracted wide attention. The League's booklet issued to members was published

in full in the Journal of the American Bankers Association and the officers of the League received numerous inquiries from other cities and communities as to the operation of the plan. It was closely followed in its organization and plan in a number of Nebraska Counties. Its success in Otoe County was pronounced, and its merit were first demonstrated in the Third Liberty Loan Campaign. More than 5000 names were enrolled and rated to whom the successive calls and quotas for Red Cross War and United War Work funds, and of War Savings Stamps and Liberty Bonds were apportioned.

This organization received the quotas for the County, determined the basis of an assessment for the particular purpose needed, and the funds and subscriptions needed to make up the County's quota were paid and subscribed through the Precinct Chairman. The War Service League had charge of the campaigns for Third Liberty and Fourth Liberty Loans, War Savings Stamps in 1918, Second Red Cross War Work Fund and United War Work Fund. In all of these the responses were surprisingly prompt, and in each case the County's quota was met and generally largely exceeded with a minimum amount of soliciting.

The record of that year's work briefly is as follows:

	Quota	Subscribed
War Savings Stamps, 1918...	\$ 300,000	\$ 340,000
Third Liberty Loan.....	525,000	791,000
Second Red Cross War Work Fund	22,500	28,000
Fourth Liberty Loan	1,054,000	1,502,250
United War Work Fund (Seven-in-one) Original quota	34,106	_____
Accepted over-subscription 50%..	51,159	51,800

No salaries were paid. All campaign expenses were paid from an expense fund provided by assessment to the members. On January 23, 1919, the anniversary of the organization, it was unanimously agreed, in County meeting, that as the organization, was primarily an organization to help win the war, and to insure loyal support to the government and to our men under arms by all our people, the purpose of the War Service League had been accomplished, and the organization was discontinued except for the purpose of preserving and perpetuating the records of the year's work.

Wm. H. PITZER, Chairman
War Service League, Otoe County.

LEGAL ADVISORY BOARD FOR OTOE COUNTY

The duties of the board were to give all necessary advice and assistance in preparing claims, filling out questionnaires, and in preparing any other papers, required by the Selective Service Regulations to be submitted by registrants in the selection of citizens of this country for duty in the World's War.

WAR SAVINGS STAMPS

Hon. Paul Jessen, of Nebraska City, Chairman of the Twelfth District of Otoe County, of the war savings stamps committee worked hard and diligently to accomplish the organizing of war stamps committees in the different precincts of Otoe county, which was done with a credit to everyone and Otoe county went "over the top" in selling its quota of War Savings Stamps. The county's quota for War Savings Stamps for 1918 was \$386,460 and when the big drive was put over and all War Savings Stamps committees had sent in their sales they amounted to 394,358, over subscribing the county's quota by \$7,898.00.

At first War Savings Stamps were sold in post offices throughout the country, but afterwards a separate drive was made to place more of them in the hands of patriots and savers. They were sold over the counters in the stores, rural mail carriers distributed them to their route patrons, school children organized W. S. S. committees, and for this reason there was no effort made to get names and photographs of those who distributed War Savings Stamps of which so many have done their bit by

selling and buying that it would be an injustice to those who labored so hard on the drives if we should miss but one. But surely the government must be greatly pleased with the grand showing of Otoe county's purchases by its patriotic citizens of War Savings Stamps amounting to \$394,358 when it was in need of that money during the war.

The organization of the different committees throughout the county by the chairman and his associates, the organizing of the school children's W. S. S. Committees and others who help distribute War Savings Stamps have helped contract to a certain degree the habit "thrift" and "saving" which alone has accomplished a great lesson for them and especially the younger ones, as well as doing a great service for their country.

Precinct chairman and all committees worked hard, giving their time and subscribing for stamps to put the drive in Otoe county "over the top" and to them who subscribed credit is given for the excellent showing. They have the satisfaction of having done a double service to their government and themselves.

FOOD ADMINISTRATION

Perhaps the least thanked and the most fervently cursed of all war activities were the conscientious efforts of the Food Administration in Otoe County, and this probably because for a long time the people themselves, and food conservation was a measure which affected everyone, were not duly informed as to exactly what was expected of them in the matter of saving and conserving food and increasing production.

As Food Administrator for Otoe County Fred Cleveland received little credit for performing a

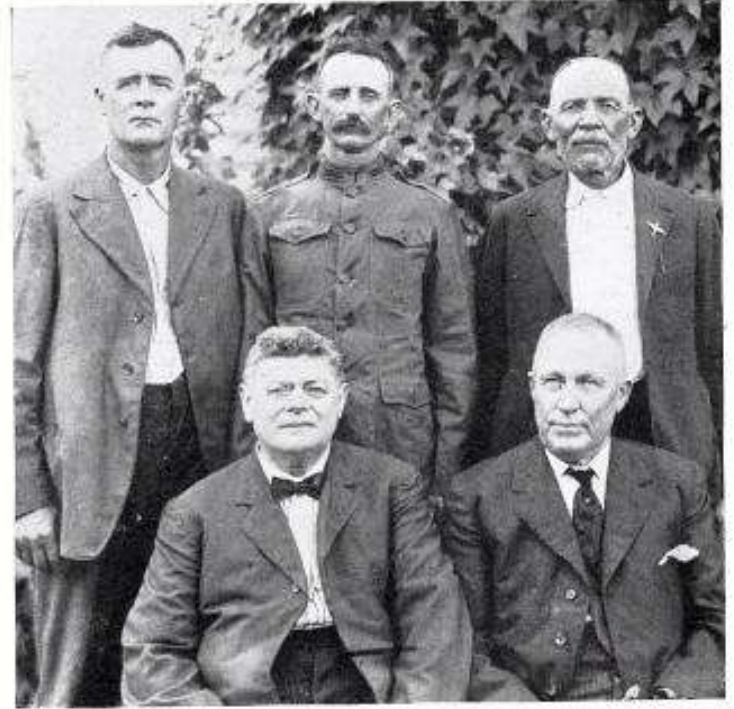

public duty. In checking up sugar and flour regulations throughout the county and seeing to it that the requirements were lived up to by every family, he and his helpers had an enormous task. In many cases investigations were made which probably would not have been made had the offenders known the regulations and in many cases they might have been more familiar with the regulations had the system been made more clear by the National Food Administration. However, the work of the food administration was a success and sugar and flour was saved in large quantities.

Wm. Riege, Chairman, Albert Seimers, Ed Pearson, Will Jacobson, John H. Jacobson. In War Service League; Wm. Riege was Chairman of all drives before the league organized. For Red Cross there was subscribed \$1021; United War Work \$1924 for 1918.

SO. McWILLIAMS PRECINCT

E. Whinnery, Chairman; Chas. Wood, E. G. Spencer, John Frerick, Ehme Bruner, Jas. Meek, Carl Derrmann and H. Uhl.

Organized in time to get in on the Third Liberty Loan Drive. The Third Liberty Loan Drive went over the top and on the honor flag. The banks aided the Committee in handling the Third Drive. The Fourth Drive went over the top in money but not subscribers. There were 154 subscribers and the total amounted to \$39,050. Each drive for the Red Cross was subscribed in full as was the allied War Fund.

McWILLIAMS PRECINCT

REV. ELLER

With the same Chairman for each one of the three big drives and practically the same organization, McWilliams Precinct Liberty Loan problem was an easy one. The total subscription for the work accomplished, including the Red Cross Drives, Y. M. C. A. and Y. W. C. A. drives was \$83,430.75. The three Liberty Loan Drives brought in \$70,400 with 152 subscribers. Two Red Cross Drives brought \$1,004 with 126 subscribers. War Savings Stamps \$11,100 with 79 subscribers, Y. M. C. A. and Y. W. C. A. drives \$318.

A sale given for the benefit of the Red Cross brought \$286.50. To Joel Eden, Precinct Chairman, whose executive ability and his hard work was a factor in putting McWilliams Precinct among the top-notch precincts.

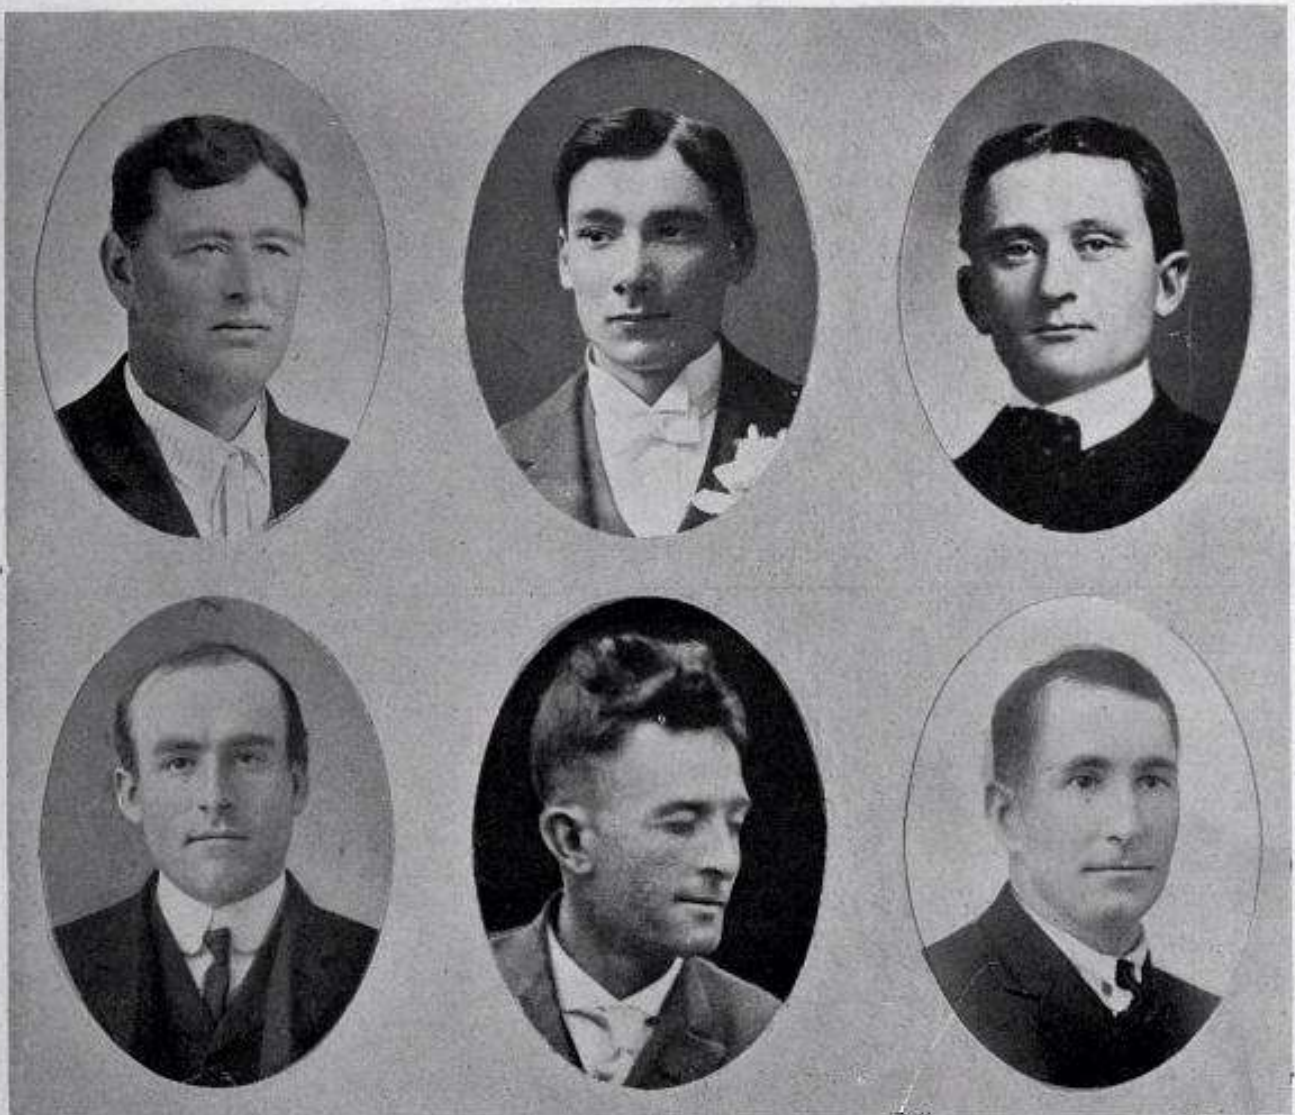

TALMAGE FOUR MINUTE MEN

E. G. Spence, Chairman; Charles Wood, E. L. Graham, Beatrice Misegadis, Rev. Stave E. Whinney and Worth Gravatt.

By no means the least important of the score of war activities at home was the eloquent work of the Four Minute Men. Their inspiring address in theatres, churches, and schools went a long ways toward inspiring the folks at home to further sacrifice and determination in support of the just war the country was waging. Seventy-five four minute speeches were given. Each person who acted through one drive was honorably discharged.

NEBRASKA CITY RED CROSS

Mesdames, Butts, Payne, Stienhart, McKay, Morton, Yager, Stienhart.

The Nebraska City Chapter of Red Cross has one Auxiliar, Wyoming, and ten branches as follows: Otoe, Talmage, Syracuse, Palmyra, Burr, Unadilla, Douglas, Dunbar, Lorton and Delaware Precinct. Nebraska City has had her rooms open every day except holidays, every day for the past fifteen months, closing only during Chautauqua week and during weeks on account of the quarantine for Influenza.

The Red Cross collected and shipped 6600 lbs. of used clothing in March, 1918, and 2,800 lbs. in September 1918. They donated to Belgium March 1919, 2000 lbs. Relief 161 children's dresses and aprons, etc and eight knitted afghans. Also gave about 60 yards outing flannel remnants. Have shipped 147 boxes.

Mrs. John McKay, President of the Knitting Department of the Nebraska City Chapter of Red Cross, an untiring worker in the World's War, working early and late knitting and teaching others the art that they might help, putting forth her every effort until the end of the war, whose death on August 10, 1919 was hastened by her long hours given to war work. She gave her life to the cause just as truly as the soldiers at the front.

SYRACUSE BRANCH

The Syracuse Branch of the American Red Cross was organized June 15, 1917. From that time until January 1919, the women of the organization worked unceasingly for the soldiers at home and abroad. During this period they knitted 926 garments, made 3115 surgical dressings and 3315 hospital garments. In May 1918 a Red Cross Auction was held which netted \$3010.38, of this sum \$2000 was put at interest. This money, with membership fees and gifts from local organizations, enabled the society to pay all running expenses and in May, 1919, turned \$2500 over to the National Red Cross. Amount of work done sweaters 212, socks 440, helmets 36, wristlers 98, child's sweaters 67.

Plans for the organization of the Talmage Branch of the Otoe County Chapter A. R. C. was held in the City Hall June 12, 1917. Immediately upon its organization until the end of the war, the women of Talmage were at the Red Cross rooms weekly, knitting, sewing and working hard at whatever tasks were assigned them by the Nebraska City Chapter. The Surgical Dressing Department was efficiently supervised by Mrs. C. Gritzka and the surgical dressing work continued by the ladies until they were notified that no more of their articles were needed.

Beginning their task with an empty treasury, splendid work in devising ways and means for bringing it revenue as long as money was needed. Help came from Red Cross Membership drives, entertainments, Red Cross Auctions, etc. A splendid spirit of loyal and hearty co-operation prevailed throughout all the work. Talmage's record for Red Cross work during the World War is one of which she may always be proud.

TALMAGE KNITTERS

Mrs. Ellen Kennedy of Talmage, Nebraska is 74 years of age. Her great grandfather served in the Revolutionary War and her grandfather in the war of 1812.

Mrs. Doctor Conger, is a sister of Mrs. Ellen Kennedy and is 78 years of age.

Mrs. Matilda Motler of Talmage was chairman of the Knitting Committee.

Mrs. A. H. Vandenberg is 73 years of age. Her husband fought in the Civil War.

Mrs. George Webster and Mrs. C. Walker should be heartily thanked for the work which they did for the Knitting committee.

These women knew what war meant and how necessary was the womans part in it. All their work displayed excellent workmanship.

TALMAGE JUNIORS

The American Red Cross Knitting Society was organized in Dunbar, August 31, 1917 with Mrs. Charles Ganz as President and Mrs. Dr. A. R. Smith as Vice President and the first meeting was held on that date. Mrs. McKay of Nebraska City was present at the meeting and explained how the work should be done. The members went to work in earnest in their homes and soon the finished work began to roll in at the meeting room. They met every Friday afternoon in the M. W. A. Hall where they kept busy making all kinds of knitted articles for the boys who answered the call of their country in this World's War. Mrs. Ganz and Mrs. Smith were kept busy teaching some of the members how to do the work and finished up all the unfinished work that was turned in, but never the less all who took part in this noble work, did the work well and freely.

The Junior Department also played an important part in this great work and on each meeting day almost every member was present and you would indeed be surprised to see the amount of work the girls between the ages of 10 and 16 years turned in and the neat manner in which the work was done.

The amount of work done by the ladies of Dunbar was: 240 sweaters, 24 pair of wristlets, 211 pair of socks, 14 mufflers and 5 helmets. Those who did the knitting were: Mrs. Andy Anderson, Miss Anderson, Mrs. A. J. Alexander, Miss Ruth Ashton, Miss Helen Ashton, Mrs. L. R. Bricknell, Miss Florence Easley, Mrs. F. C. LORTON BRANCH

The Lorton Branch of the Otoe County, Chapter, Nebraska City, Neb., was organized on November 27th, 1917 at Lorton, Neb. the officers elected for the following year, Chairman, Mrs. James Murray, Vice Chairman, Mrs. C. H. Damme, Treasurer, H. W. Frerichs, Secretary, Mrs. Joel Eaton.

At first we had only a few workers but as the war continued more willing workers came in to assist with the great work of providing our boys over there with warm knitted articles, and with supplies for the hospital to be used for the wounded and sick.

When the call come for donations and assistance in the sale to be held, in order to raise funds to purchase the supplies, and again the call during the Christmas drive for new members, the majority responded promptly, at these times it was proven who were the real true Americans, by this is meant, those who responded willingly and wanted to do all they could to help the great cause and stand by the Stars and Stripes not those who donated or become members merely because they were afraid of the government or what other people might say, and yet, working secretly against this country and our flag.

On October 16th, 1918 at the annual meeting the following officers were elected for the year 1919, Chairman, Mrs. C. W. Wood; Vice Chairman, Mrs. F. H. Doerman; Treasurer, H. W. Frerichs; Secretary, Mrs. Joel Eaton.

From the time of organizing to the close of the war, this Branch furnished, in the knitting department, sweaters, socks, wristlets 183 pieces, in the sewing department, 166 pieces, making a good showing of willing workers for a small branch.

MRS. JOEL EATON, Secretary.

MRS. JAMES MURRAY, Chairman

OSAGE PRECINCT BRANCH

CORNELIA KICKER, KNITTER

Osage Precinct, especially the southeastern part, was active in war work and especially is this true of the Ev. St. Pauls congregation, under the leadership of the able pastor Rev. John Abele. Those who took part in the various activities were Chas. P. Weber, Louis H. Schacht, Henry A. Schacht, August Doeden, D. William Kicker, Charles Hoelscher, Louis Weber, Karl Wellman and Fred Huhold. The members of the church purchased \$42,800 of Third Liberty Bonds, \$59,775.50 of the Fourth Loan, \$34,332.50 War Savings Stamps. They also gave 7,848.50 for the Red Cross and Y. M. C. A. making a total of \$134,956.50; No record could be obtained of the First and Second Liberty Loan Bonds.

Besides the money given for the Red Cross, much sewing, knitting and gathering up of old clothes was done. The first work done was by Miss Cornelia Kicker who knitted a pair of wristlets a young woman 18 years of age who died in February 1918. During the summer of 1918 the Ev. St. Paul Red Cross Auxiliary was organized with a membership of 56 with Mrs. Anna Weber, Chairman and Mrs. Anke D. Kicker, Secretary. The ladies from Osage worked with the Talmage Branch of the Red Cross.

GROUP OF RED CROSS KNITTERS, HENDRICKS PRECINCT

Back Row: Mrs. Ed Harp, Miss Hattie Tiller, Miss Elizabeth Downey, Mrs. F. W. Teubner, Mrs. T. J. Edwards, Mrs. A. J. Lee, Mrs. J. H. Kelly, Mrs. S. O. Lowery.

Center Row: Mrs. Marie Young, Mrs. Geo. Dean, Mrs. Ben McCurry, Mrs. Ed Smith, Mrs. J. L. Marshal, Miss Elfrieda Paradies.

Front Row: Miss Bertha Brisco, Mrs. John Beetem, Mrs. W. W. Smith, Mrs. H. C. Walker, Mrs. C. S. Paradies, Mrs. J. E. Brisco, Mrs. B. Ware.

The Douglas Branch of the American Red Cross was organized April 4th, 1918. Mrs. H. C. Walker was selected Chairman; Mrs. W. W. Smith, Vice-Chairman; Mrs. John Beetem, Secretary; Biss Bertha Brisco, Treasurer. Before they were formally organized the patriotic women of Douglas had been knitting and many garments had been donated. After the organization was completed work was begun on hospital garments and the Douglas quotas were promptly filled. Within a few months, eighty-seven suits of pajamas, thirty-five morning jackets, fifteen convalescent robes, ten pinafores, and fifty pairs of drawers were sent in to Headquarters. Seventy-eight soldiers' sweaters, one hundred and ninety-four pairs of socks, twenty pairs of wristlets, seven mufflers, three helmets, thirty-three children's sweaters and sixteen pairs of stockings were knitted. A large box of shoes and five hundred, forty-six garments were sent to the Belgian Relief Committee.

Douglas has a total Red Cross membership of eight hundred, thirteen. An unusual spirit of co-operation and genuine patriotism was manifested by all the workers and one splendid phase of the work of the Chapter was the cultivation of an exceptional atmosphere of friendliness among the people of the community. So many women were notably generous in devoting their time and untiring efforts to the Red Cross, that it is impossible to mention one or two as being especially active.

There was never at any time the least difficulty in regard to finances as the greater part of the funds came from volunteer donations rather than solicited subscriptions. In May, 1919, one thousand dollars were sent to the National Fund. All expenses have been promptly provided for and a sum has been retained for whatever the Red Cross may require in the future.
