ROAD LAWS OF NEBRASKA.

SECTION 1818. (SEPARATION OF COUNTY BOARDS.) The county board has a general supervision over the public roads of the county, and has power to establish and amend the same, as herein provided, and to order that the laws in relation to them are carried into effect. [1879, c. 120.]

SEC. 1816. [WIDTH.] All public roads shall have a width of sixty feet.

SEC. 1817. [PUBLIC ROAD DEFINITION.] All roads within this State which have been laid out in pursuance of any law of this State, or of the Territory of Nebraska, and which are now used for the purpose of travel, are hereby declared to be public roads; *Provided*, That roads that have not been used within five years shall be deemed private.

SEC. 1818. [RE-ESTABLISHMENT PETITION.] Any person claiming the establishment, vacation, or alteration of any public road shall file in the clerk's office of the proper county a petition directed to the board of county commissioners, signed by at least ten persons residing within the limits of the road proposed to be established or vacated, in substance as follows:

To the board of _____ county. The undersigned ask that a public road, commencing at _____ and running thence _____ and terminating at _____ be established, vacated, or altered as the case may be.

SEC. 1819. [DEPOSIT FOR EXPENSES.] The petitioners for establishment or alteration of any public road shall, at the time of filing their petition, deposit with the county clerk a sufficient sum of money to pay for the legal costs of alteration of such road, the expense thereof to be paid out of such deposit, unless the road is already established or altered. If the road is finally established or altered, the money shall be returned to the persons who deposited the same.

SEC. 1820. [COMMISSIONERS' ATTENDANCE.] A petition for establishment or alteration of any public road shall be filed with some suitable and disinterested clerk of the county a commission to examine into the expediency of the proposed road, alteration, or vacation thereof, and report accordingly.

SEC. 1821. [SAME.] If he deems such establishment expedient, he may proceed at once to lay out the road as hereinafter directed, and may proceed accordingly, if the circumstances of the case are such as to make it prudent to do so, without pursuing the course pointed out in the next section.

SEC. 1822. [SURREY.] If the precise location of the road cannot be ascertained, he must cause the line of the road to be accurately surveyed and plainly marked out.

SEC. 1823. [PLAN AND RETURN—FILES.] A correct plan of the road, together with a copy of the field notes of the survey, and a return of the survey, must be filed as a part of the commissioner's report, and he shall also state the probable cost of the work in laying out or altering such road, including any necessary bridges, culverts, and ditches. The report shall be filed with the county clerk.

SEC. 1824. [ACTION OF COUNTY BOARD.] At the next meeting of the county board, after the proceedings hereinbefore contemplated have been had, the said board may hear testimony, consider alterations, and remonstrances against the establishment, vacation, or alteration of the road, as the case may be, if such remonstrances be filed within the time provided in section 1825, and may establish, vacate, or alter the road as they may see fit in their judgment, founded on the testimony, the public roads may require. Said board may increase or diminish the damages awarded by the surveyors, and may make such subdivisions, vacation, or alteration conditional upon the payment in whole or in part of the damages awarded, or expenses in relation thereto.

SEC. 1825. [RETURN OF PLAY AND FIELD SURVEY.] After the road has been finally established, the plat and field notes must be recorded in the county clerk's office.

SEC. 1826. [VACATION OF OLD ROAD.] The establishment of a new road on the route of a road already established according to law shall not vacate the road previously established, unless such vacation is prayed for in the petition, and so declared in the order establishing a new road.

SEC. 1827. [HOW TO ESTABLISH.] Public roads may be established without the signing of a commission, provided the written consent of all the owners of the land to be used for that purpose be filed in the county clerk's office; and if it is shown to the satisfaction of the county board that the proposed road is of sufficient public utility to be opened and worked by the public, they shall make an order establishing the same, from which time only shall it be regarded as a public road.

SEC. 1828. [SAME—SURREY SURVEY.] If a survey for the establishment of the road named in the preceding section is necessary, the board, before ordering such survey, may require the parties making the same to pay for the establishment of such highway, to pay, or secure the payment of the expenses of such survey.

SEC. 1829. [SECTION LINES.] The section lines are hereby declared to be public roads in each county in this State, and the county board at such county meeting, whenever the public good requires it, open such roads without any preliminary survey, and cause them to be worked in the same manner as other public roads.

COLLATED ROAD STATUTES OF KANSAS.

[N. B.—The main statute is chapter 105, laws of 1874. The sections of this statute are here indicated by double section numbers, the numbers within brackets being the original numbers of the sections as they stand in the statute. It was necessary to break up the original arrangement of the law, in order to group together the various kindred provisions. Every section with a number as here indicated is taken from the laws of 1874.]

PETITION AND NOTICE.

SEC. 1 [1]. That applications for laying out roads, or for widening, vacating, altering, or vacating any road, shall be by petition to the board of county commissioners, signed by at least twelve freeholders of the county residing in the vicinity where the road is to be laid out, or vacated, altered, or widened; and one or more of the signers of such petition shall be sworn and shall under oath and with sufficient security, payable to the State of Kansas, or to the order of the county, approved by the county commissioners, conditioned that the person signing such road shall pay into the treasury of the county the amount of all costs and expenses incurred in such location, view, survey, alteration, or vacation, to be paid as provided hereinafter in pursuance of said petition.

tion shall not be finally confirmed and established, and on neglect or refusal of the persons so bound, after a liability shall have accrued, the county clerk of the county shall collect, or cause to be collected, such costs and expenses, and pay the same into the county treasury.

SEC. 2 [2]. All petitions for laying out or altering roads shall specify the place of beginning, the intermediate points, if any, and the place of termination of such road.

APPOINTMENT OF VIEWERS AND GIVING NOTICE.

SEC. 3 [3]. Upon presentation of any petition for a road, or for the alteration or vacation of any road, to the county commissioners, at any regular session of their board, it shall be the duty of said commissioners, if they find the petition to be a legal one, and that the proper bond has been filed, to appoint three disinterested freeholders of the county as viewers, and the county clerk shall give notice by advertisement set in in the county clerk's office, and in every municipal township through which any part of said road is designed to be laid out, altered, or vacated, for at least twenty days, and by publication for two consecutive weeks in a newspaper, if there be one published in the county, setting forth that such petition has been presented, giving the substance thereof, and that viewers will, on such day as the commissioners have designated, and not more than twenty days after the expiration of the notice herein required, proceed to view said road, and give to all parties a hearing. They shall also cause a record of such notice to be entered on their journal by the county clerk. They shall issue an order directing the county surveyor to meet with them at the time and place named in said notice, to survey such road. In case of failure to meet on the day designated, they may meet on the following day, without further notice, and in case of failure to meet within the time herein specified, new notice shall be given as herebefore provided; that in all applications for the location, change, and relocation of any road to be located upon or along any section line, and the petition shall so state, and shall specify the section line to be followed, the place of beginning and the place of ending, the survey may be dispensed with; and in case the owners of the land taken agree in writing to the proposed location, relocation, or change, and the commissioners are satisfied that the location, relocation or change prayed for is practicable, and can be made with out unreasonable expense, they may dispense with the viewing of such location, relocation, or change of road, and shall order the same to be opened, and shall also direct the county clerk to note such location, relocation or change of road upon the road records of his office.

SEC. 4 [4]. It shall be the duty of at least one of the petitioners to cause six days' notice to be given in writing to the owner or owners, or their agents, if residing in the county, or if such owner be a minor, child or insane person, then to the guardian of said person, if a resident of the county, through whose land such road is proposed to be laid out and established, and also six days' notice to the county surveyor of the time and place of meeting, as specified in the notice of the commissioners. Copies of said notice to owners of lands, with affidavits of service attached, shall be filed in the county clerk's office before said road shall be established.

VIEW, SURVEY, DAMAGES, REPORTS, FINAL ACTION.

SEC. 5 [5]. It shall be the duty of the viewers, or a majority of them, and the county surveyor, to meet at the time and place specified in the notice aforesaid, or on the following day thereafter; and they may, if they deem it necessary, take to their assistance two suitable persons as chain carriers, and one as marker, and then proceed to view, survey, lay out, alter or vacate the road as prayed for in said petition, or as nearly as such a good road can be made at a reasonable expense, taking into consideration the utility, convenience and improvement and expense which will result to individuals as well as to the public, if such road, or any part thereof, shall be established and opened or altered. Said viewers shall also assess and determine the amount of damages sustained by any person or persons through whose premises the said road is proposed to be established, such viewers shall not assess or award damages or compensation to any person or persons in consequence of the opening of said road, unless the owner or owners, or their agents or guardians, having been duly notified as provided in section 4, of the applications and proceedings by which their property is sought to be appropriated or damaged, shall have filed a written application with said viewers, giving a description of the premises on which damages or compensation are claimed at the time of said view and hearing, as hereinafter provided for. *Provided*, That in case any person has not received the notice of the view of said road, as provided for in section 4, he may at any time within twelve months after the location of said road file an application for damages with the county commissioners, who shall determine the amount of damages sustained by such claimant; and all applications for damages shall be forever barred unless they are presented as provided for in this act.

ROAD LAWS OF MISSOURI.

SEC. 7792. Roads to be opened and repaired—how—article not to supply, when.—All public roads in this state shall be established, opened, altered and repaired according to the provisions of this article; *Provided*, that in the location, opening, widening and repairing of roads it shall and apply to counties that now have or may hereafter change their organization. (Laws 1887, p. 246, amended.)

SEC. 7793. Width of road, etc.—All public roads shall be at least thirty feet wide, and not less than fifty feet wide, to be determined by the county court according to the utility and necessity in such road. In cases where a road shall be widened, it shall be done

according to the provisions hereinafter provided for opening and establishing new roads. (Laws 1887, p. 246.)

SEC. 7795. County surveyor ex-officio road commissioner.—The county surveyor of each county shall be ex-officio commissioner of roads and bridges. (Laws 1887, p. 246.)

SEC. 7796. [Application for new road or change of road, how made.] Applications for the establishment of new roads, or change of roads, shall be made by a petition to the county court, signed by at least twelve freeholders of the municipal township or townships through which said proposed road may run, three of whom shall be of the immediate neighborhood, specifying the proposed beginning, course and termination thereof, with not less than two points named on the direction of said road; *Provided*, that said proposed road shall run along government surveys wherever practicable; *provided, further*, said petition shall be accompanied by the names of all resident persons owning land through which said proposed road or change of road shall run, with the amount of damages claimed by them, so far as can be ascertained, and also the names of those who are willing to give the right of way for said proposed road or change of road. (Amended Laws 1893, p. 222—4.)

SEC. 7797. Notice to be given.—Notice of such intended application shall be given by printed or written hand-bill, put up in three or more public places in such municipal township or townships, one of which to be put upon the proposed beginning and one at the proposed termination of said road, at least twenty days before the first day of a regular term of the county court at which the petition is presented, and which notice shall apply and be binding on corporations as well as on persons. (Laws 1887, p. 246—5.)

SEC. 7798. [Court to hear remonstrance—duty of commissioner].—The court when such petition is presented, accompanied by the names required by section 7796, upon proof of notice having been given as required by said section 7796, hear the remonstrances, if any be presented, of twelve or more freeholders residing in the township or townships through which the proposed road or change of road may run, three of whom shall reside in the immediate neighborhood, and such witnesses as the respective parties may produce in regard to the public necessity, practicability and probable damages to the owners of the land through which said proposed road or change of road may run, and who have not consented to relinquish the right of way, and the expenses of locating or changing said road in making culverts, bridges or grading; and if the court, after hearing the testimony, be of the opinion that the facts in the case justify the location or change of the road at the expense of the county, they shall make an order of record requiring the county road commissioner to view, survey and mark out such road, otherwise such proceedings shall be dismissed. *Provided*, that if the petitioners pay into the county treasury the probable amount of damages, as ascertained, to the use of the owners of said lands, which shall be fixed at the time by the court, then said court shall make said order, requiring the road commissioner to view, survey and mark out such road. Said commissioner shall see that all relinquishments of the right of way of those who give the same are filed with the county clerk on or before the second day of the next term of said court, and shall take the names of all resident owners of land through which said road may run, and who have not or will not give the right of way, and the amount of damages claimed by each one separately, together with the numbers of land, and also his estimation of the cost of bridges, culverts and grading that may be needed upon such road, and report the same, together with his survey and plat of said road, on or before the second day of the next regular term thereafter; and if it appear from said report that the right of way has been secured and filed, as aforesaid, or that the damages claimed do not exceed the amount offered by the court, or deposited by the petitioners as aforesaid, the court shall order the road established or changed, as the case may be. (Amended Laws 1893, p. 222—6.)

SEC. 7900. Roads on county lines.—The county courts of the several counties shall have the power to locate highways on the boundary lines of the several counties, and shall, when the citizens of each of the counties living along the boundary lines shall petition for the road, as herein provided for establishing and opening roads, locate the same not less than forty feet wide on the line between the counties, each county appropriating one-half the land and money to open, grade, bridge and work the same. (Laws 1887, p. 248.)

SEC. 7901. New roads to be distrusted—owner to be given time to construct fences.—When a new road has been opened, it shall be distrusted and kept in repair, as other public roads. The county court shall, at the time of giving judgment for the establishment of the road, specify the time when the possession shall be given by the owner, giving the owner of the land a reasonable time, not exceeding six months, to erect fences, if the commissioner's report shows that the fencing is required, and also time to gather growing crops, if any are growing at the time on the premises, which time shall be stated in the judgment. HISTORICAL SKETCH OF POLK COUNTY.

are laid out, reflects much credit on this infant company. Its officers and directors are V. E. Wilson, J. W. Wilson, Nathan Wilson and C. C. McNease, all of Stronburg.

THE STRONBURG BANK.

The Stronburg Bank was first organized as a Private Bank May 1st, 1871, by J. H. Mickey, Albion Nance and C. H. Morrill. They commenced business with a Capital Stock of \$50,000; Deposits of \$200 and loans of \$1,500. In February 1882, the bank was incorporated and the Capital Stock increased to \$125,000, with the following officers:

President, Albion Nance; Vice-President, J. H. Mickey; Cashier, C. H. Morrill. The President, Albion Nance, being Governor of the State of Nebraska, at this time, was not active in the management of the affairs of the Bank. In 1883, J. B. Buckley and P. T. Buckley purchased the interests of Albion Nance and J. H. Mickey, and they together with C. H. Morrill and Chas. A. Morrill, were the owners of the Bank from that time until February, 1899. At this time the owners decided to go into ordinary liquidation and close up the affairs of the bank as they wished to retire from active business life; but many of the prominent business men of the city of Stronburg desired to see the Bank continue in business, and with their cooperation the Bank was reorganized February 1st, 1899, with J. B. Buckley as President; L. H. Headstrom, Vice-President, and Ira Bangs as Cashier. The officers at this time remain the same with the addition of F. V. Nelson as Assistant Cashier. The President, Mr. J. B. Buckley, has retired from active business life, and resides on one of his farms near Stronburg. The Vice-President, Mr. L. H. Headstrom, is actively engaged in the mercantile business in Stronburg, being a member of the firm of Headstrom & Skelton. The active management of the Bank since its reorganization has been in the hands of its Cashier, Mr. Ira Bangs, who took charge as Cashier in February 1899.

The original founders of this institution were pioneers of Polk County, and accumulated their wealth by industry and careful business methods. The Stronburg Bank does only a conservative banking business and enjoys the entire confidence of the community. Their statement August 1st, 1900, shows deposits of \$181,134.37, and loans of \$92,742.43, with an available cash balance of \$111,109.84.

MISSION CHURCH.

Rev. C. A. Falk came to Polk Co., Neb., in July 1876, organized the Mission Church in the winter of the same year, which then consisted of twenty members.

In 1874, the Swedes built a church, where they gathered for worship. They had no local minister in 1874, when they unanimously decided to call C. A. Falk of Jacksonville, Ill. He accepted the call and labored in this field for several years, during which time the congregation progressed and grew considerably.

In the meantime Stronburg was advancing and becoming a little town in the vicinity of where the church had been built, then having only four dwelling houses and one small store.

At that time it was very much to the nearest railroad, and the most of the farmers lived on their homesteads in sub-houses and dug-outs, which they had constructed in the ravines.

In 1899 a new church was erected, costing between five and six thousand dollars. It will seat about five hundred people, while the old one had a capacity of only two hundred. The new structure is a modern building, equipped with opera glass, fire-escape and electric lights, and now has a membership of 125 active members.

They also have a fine parsonage, which is built on the same lot as the church, and is occupied by Rev. Andrew Johnson, their present pastor.

VALLEY PRECINCT.

Valley Precinct, the old home of ex-governor Albion Nance, was settled in the spring of 1871 by H. H. Keller. Later in the season, Charles R. Clark, J. W. Sheldon, Levi Kelly and James Bell arrived, and a short time after them came W. R. Deacon, James Harrison, William Stevens, D. C. Place, Andrew Horst, John Curran, Joseph Curran, Robert Curran, M. C. Stall, John Benson, Olen Boche, Robert Boche and Thomas Clark.

PLATTE PRECINCT.

This Precinct derives its name from the Platte river, which forms its western and northern boundary. In March 1871, W. T. Dodge and P. C. King made the first settlements. The first house was erected by W. T. Dodge. The first Post Office was established at Thornton in August 1874.

The first sermon preached in the precinct was by Rev. Knemmes at the residence of P. C. King.

The first Church society was organized by the Swedish Evangelical Lutheran in 1871.

CLEAR CREEK PRECINCT.

Clear Creek Precinct derives its name from a small stream of the same name, which runs through its northern portion from west to east. George R. Hume has the honor of being the first settler. Shortly afterward C. E. Henson, Gay C. Henson and Levi Kimball located, taking pre-emption.

The first Post Office was established in 1871 under the name of Brady, with David Redpath as Postmaster.

A class of the Methodist Episcopal Church was organized in January 1882, by Rev. Albion.
